Point & Shoot Your Way to Perfect Photos

(1 workshop) (2 weeks)

Don't know how you got that fantastic shot that everyone is raving about? Learn simple, easy-to-remember techniques so that you can use your camera more effectively.

Topics include how to: define your subject to tell your story; manage the available light so that it is perfect in the final photograph; use the three basic photographic composition techniques – color, pattern, and action. Bring camera; there will be an easy photo assignment. Fee includes a copy of *The Accidental Photographer*.

Instructor: Marsha Black

...graduate, New York Institute of Photography; author of *The Accidental Photographer*, educator, traveler, photographer.
